Telephone: York (01904) 455284 or 641000

Under the Agricultural Statistics Act 1979 (as amended by the Agriculture (Amendment) Act 1984), the Minister of Agriculture, Fisheries and Food requires you to complete this form in respect of the land you occupy. This is a legal requirement. Under Section 4 of the 1979 Act, penalties may be imposed on any person who knowingly or recklessly gives false information, or who without reasonable excuse fails to provide information. Please return the form by 8 June 1995 in the enclosed reply paid envelope.

This enquiry is made to obtain up to date statistics of agriculture and horticulture in England. The results will provide the government with the information necessary to formulate agricultural policy and to meet certain of the United Kingdom's obligations to the European Community. They are also used extensively by the industry itself.

Notes for your guidance are enclosed and should be read carefully before you complete the form. The information you give should relate to the position on 1 June 1995 except where otherwise stated on the form. Please note that the form should be completed in metric units - conversion tables from imperial units are provided in the yellow retention copy enclosed.

No information you give on the form may be published or otherwise disclosed without your prior written consent, except as specified in Section 3 of the 1979 Act.
