UK Centre for
Ecology & Hydrology

Environment Digimap

Discover the world of UK Centre for Ecology and Hydrology map data.

Explore our extensive collection of maps and data, suitable for annotation, printing or seamless integration into GIS and CAD applications.

Benefit from our robust online support for a smooth academic experience.

Join us on a journey of exploration and discovery.

Our available data includes:

- Land cover maps from 1990 to 2021
- Crop maps from 2016 to 2023
- Fertiliser and Pesticides data
- 1930s Land Utilisation

Environment Digimap: Unfolding Nature's Blueprint

Environment Digimap is an innovative online service by UKCEH, offering access to premium digital map data. Our applications, designed with an academic focus, are intuitive and flexible, making them the perfect tool for your environmental exploration.

Key Features

Mapping Tool

- View, annotate, print maps. Download data for further analysis in GIS or CAD software.

Land Cover Maps:

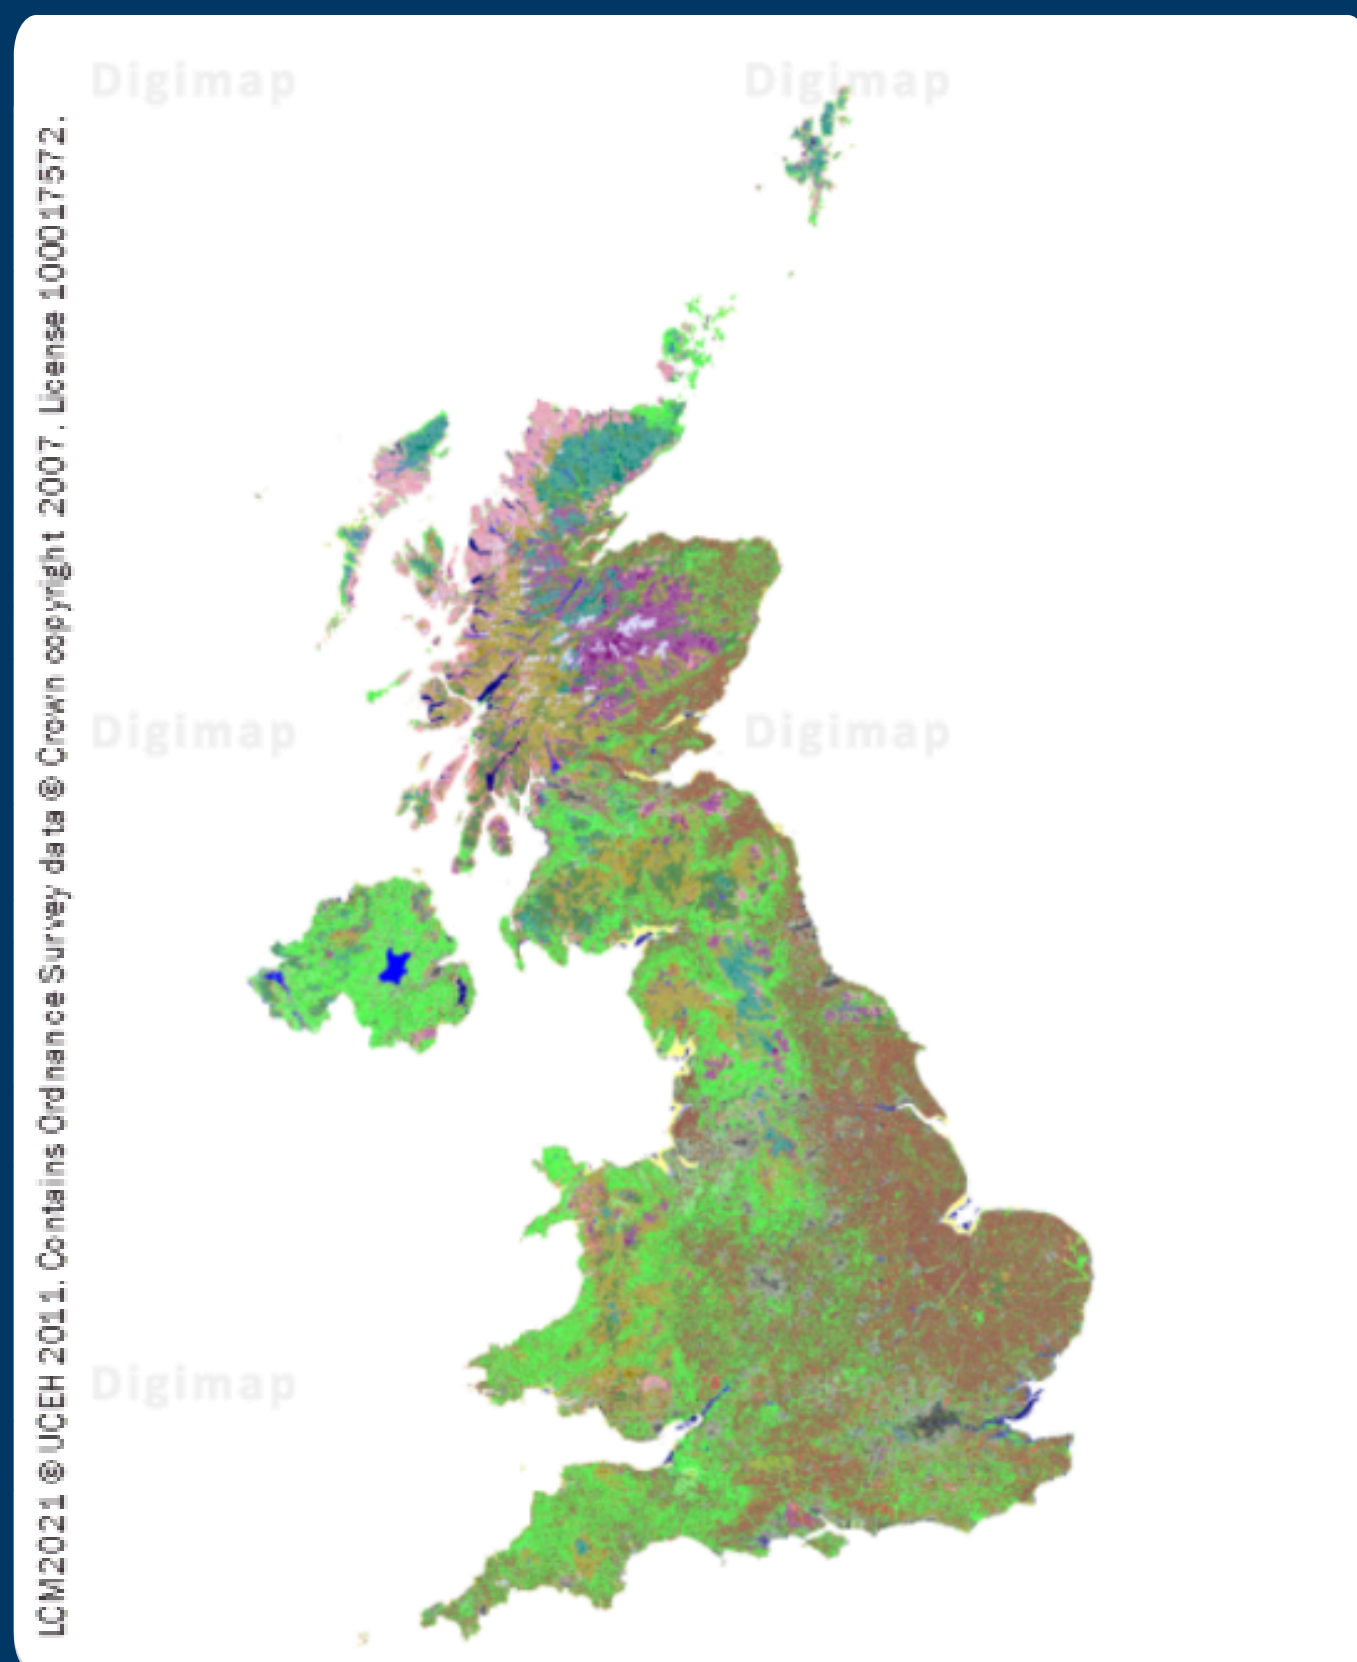

- 2000 to 2021: 25m and 1km resolution, UK coverage, raster & vector formats.
- 1990: 25m and 1km resolution, Great Britain coverage, raster format.

1930s Land Utilisation Survey:

- Historical land use mapping overlaid on OS topographic base maps for England, Wales and Scotland.

Crops, Fertiliser and Pesticides:

- UKCEH Land Cover© plus: detailed crop maps from 2016 to 2023.
- Fertiliser 2010–2015: Predicted average annual application rates for nitrogen, phosphorus and potassium.
- Pesticides 2012–17: average annual pesticide application data.

Digimap Support

Help at Hand: comprehensive assistance via Digimap applications.
